Zoey Zhiyuan Dong

EDUCATION

University of Illinois Urbana-Champaign — Urbana, IN
Ph.D., Physics — August 2030 (Expected)
Advisor: Prof. Nicolas Yunes

Central China Normal University — Wuhan, China
B.S., Physics — June 2024

PUBLICATIONS

Z. Z. Dong, H.-J. Kuan, and N. Yunes, *Hybrid-star asteroseismology across sharp phase interfaces: Slow and rapid conversion in the f- and p_1-mode spectra*, arXiv:2609.33002 (2026).

Z. Z. Dong, J. C. Faggert, S. Y. Lau, and K. Yagi, *Love–C relations for elastic hybrid stars*, Gen. Relativ. Gravit. 56, 113 (2024).

Z. Z. Dong, S. Y. Lau, and K. Yagi, *New modeling for hybrid stars with an elastic quark core*, Phys. Rev. D 111, 123043 (2025).

RESEARCH EXPERIENCE

University of Illinois Urbana-Champaign — Urbana, IN
Graduate Research Assistant — 2025 – Present

University of Virginia — Charlottesville, VA
Undergraduate Research Intern — 2023 – 2025

The Chinese University of Hong Kong — Hong Kong, China
Undergraduate Research Intern — 2022

TEACHIING EXPERIENCE

University of Illinois Urbana-Champaign — Urbana, IN
Teaching Assistant — 2025 Fall, 2026 Spring, 2026 Fall

- PHYS 225: Special Relativity and Mathematics Application

Shuiguohu No.2 Middle School — Wuhan, China
Teaching Intern in Physics & Class Advisor, Grade 8 — 2023 Fall

PRESENTATIONS & POSTERS

Midwest Relativity Meeting 2026 (presentation), Oakland University, MI, USA, 2026.

Compact Stars in the QCD Phase diagram 2024 (presentation), Yukawa Institute of Theoretical Physics, Japan, 2024.

20th International Conference on QCD in Extreme Conditions (poster), Institute of Modern Physics, China, 2024.

Workshop on Dense Matter EOS and Frontiers in NS Physics (presentation), Tsung-Dao Lee Institute, China, 2024.

HONORS & AWARDS

CSQCD Award for the Best Talk, Yukawa Institute for Theoretical Physics	2024
Teaching Intern Award, Central China Normal University	2024
International Exchange Scholarship (~300 USD), Central China Normal University	2023

PROFESSIONAL AFFILIATIONS

American Physical Society (APS)	2026 - Present
